INDOOR ANTENNA FOR DVB-T2 5G

TYP: SCOPE VISION 5G

Based on our test winner, the Oehlbach Scope Vision, we now present its successor: The Oehlbach Scope Vision 5G is a compact indoor antenna that offers outstanding DVB-T2 HD reception. The chic DVB-T2 HD antenna works with any external DVB-T2 HD receiver or TV with built-in DVB-T2 tuner.

Excellent reception in proven Oehlbach quality

Thanks to the new 5G filter, the antenna is protected against interference from LTE & 5G frequencies, which are very close to the frequency range of the DVB-T2 signal. In addition, the new receiver of the Scope Vision 5G is stronger and ensures even lower noise reception.

The Oehlbach Scope Vision 5G gets the necessary power via USB cable. It can therefore also be supplied with power directly from the TV. Those who prefer to use a power outlet can do so via the included power adapter.

Flexible set-up

The Oehlbach Scope Vision 5G is very compact and also extremely flexible in terms of placement: Whether upright, horizontal or mounted on the wall with screws - you can place or mount the antenna directly where it receives the strongest signal. The extra-long antenna cable (is connected to the receiver or TV) also offers maximum freedom with its 1.8 meters.

DVB-T2 HD **DVB-T2**

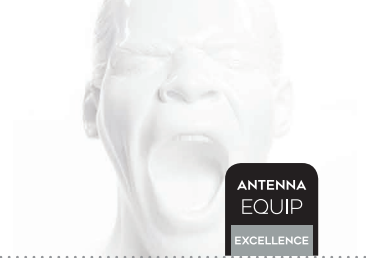

DVB-T2 HD is an initiative of ARD, Medienanstalten, Mediengruppe RTL Deutschland, ProSiebenSat.1 Media SE, VPRT and ZDF. We don't use their logo, we just mention the name „DVB-T2 HD“ so customers know that our device is compatible. DVB® and DVB-T2® are trademarks of the DVB project. The DVB-T2® logo used on this packaging is the property of the DVB project. Use of this logo has been approved by Oehlbach Kabel GmbH.

Official freenet TV Partner

Reception area	UHF.470-790
Housing material	More than five Inputs
Weight (net)	246 g
content	1 piece
Scope of delivery	Antenna with USB/antenna cable 1.8m, USB power supply, metal stand, user manual
Mains voltage	5V - 40mA
Transmission standard	DVB-T2
Screen resolution	1080p Full HD
Features	Can be positioned horizontally or vertically, Power supply possible via any USB port (television or desktop computer), 24kt gold plated contacts , antenna with extremely low-noise receiver, 5G interference suppression filter included
