Stranding	20mm

## Product Features

OEHLBACH Stream Primus is a Hi-End Cat 8.1 network cable designed for audiophile streaming. It features fully shielded S/FTP construction, gold-plated RJ45 connectors, and the highest data rate available for home networks. The cable is available in two versions: one with gold-plated connectors and one with silver-plated connectors. The gold-plated version is ideal for high-end audio applications, while the silver-plated version offers a more budget-friendly option without compromising on performance. The cable is fully shielded to prevent electromagnetic interference (EMI) and crosstalk, ensuring a clean and stable signal path. It is also designed for long-term durability and reliability, making it a perfect choice for your home network.
