Technical Specifications

The Transform Dual-Plug is a high-quality speaker cable set designed for audiophiles and home cinema enthusiasts. It features 24-carat gold-plated banana plugs that ensure a secure and corrosion-resistant connection. The cable is constructed with high-purity OFC (Oxygen-Free Copper) conductors, which provide excellent signal transmission and low resistance. The cable is available in a length of 2 meters, making it suitable for most room configurations. The set is pre-assembled and ready to use, saving you time and effort. The cable is finished with a sleek, black braided jacket that adds a touch of elegance to your audio system. The weight of the set is 0.55kg, and the dimensions are 320mm in length, 220mm in width, and 70mm in height. The Transform Dual-Plug is a true excellence in speaker cable technology, offering superior performance and reliability for your listening pleasure.
