Technical Specifications

The Bi-Tech 4.4 L speaker cable is constructed from high-quality silver-plated OFC copper, ensuring superior signal transmission. It features four individual conductors (2x 2.5mm² and 2x 4.0mm²) for precise signal separation, ideal for bi-amping setups. The cable is finished with durable spade connectors for easy installation. The overall length is 4 meters, providing flexibility in room layout. The cable's construction is designed to minimize signal loss and maintain clarity, making it a preferred choice for audiophiles seeking high-fidelity sound reproduction.
