Technical Specifications

This cable is designed for high-performance video and audio transmission. It supports 8K resolution at 60Hz and 4K resolution at 120Hz. The cable is constructed with high-quality materials to ensure durability and reliable performance. It is compatible with a wide range of devices, including gaming consoles, Blu-ray players, and high-end televisions. The cable's length is 5 meters, providing flexibility in placement. The connectors are gold-plated to prevent corrosion and ensure a secure connection. The cable is also compatible with HDR, eARC, VRR, and Dolby Atmos, making it an ideal choice for immersive entertainment experiences.
