

Transmission Ultra | 7.50 m

OEHLBACH Transmission Ultra - High-quality coaxial antenna cable with high shielding for interference-free TV reception. For DVB-T2, cable TV and satellite.

OEHLBACH Transmission Ultra	D1C22524
Weight	1.3kg
Length	320mm
Outer diameter	220mm
Inner diameter	70mm

Technical specifications

The OEHLBACH Transmission Ultra is a high-quality coaxial antenna cable designed for optimal signal reception. It features a braided shield and a high-quality dielectric core to ensure minimal signal loss and excellent shielding against external interference. The cable is suitable for DVB-T2, cable TV, and satellite reception. The gold-plated connectors provide a secure and corrosion-resistant connection. The cable is available in a length of 7.50 meters and weighs 1.3 kg.

Features and benefits

- High-quality coaxial antenna cable with high shielding for interference-free TV reception.
- For DVB-T2, cable TV and satellite.
- Gold-plated connectors for secure and corrosion-resistant connection.
- Braided shield for excellent shielding against external interference.
- High-quality dielectric core for minimal signal loss.
- Available in a length of 7.50 meters and weighs 1.3 kg.
- State of the Art technology.
- 1080p Full HD, 4K UHD 50/60 Hz.
- 5-year warranty.
- HPOCC® - High Performance Over Coaxial Cable.
