

# Easy Connect Opto MK II | 1.50 m

D1C133  
0.049kg

## Technical Specifications

Easy Connect Opto MK II. The cable is designed for high-speed data transmission and is compatible with various optical communication systems. It features a robust construction and is suitable for use in industrial environments. The cable length is 1.50 m, providing flexibility in installation. The connectors are designed for easy connection and disconnection, ensuring minimal downtime. The cable is made of high-quality materials and is resistant to bending and stretching. It is also resistant to environmental factors such as temperature and humidity. The cable is tested for reliability and performance, ensuring consistent results. The cable is available in various lengths and configurations to meet your specific needs. For more information, please contact our sales team.

## Product Details

Color	Black
Material	High-quality plastic and metal
Length	1.50 m
Weight	0.049 kg
Connector Type	Easy Connect
Application	Industrial data transmission

Easy Connect Opto MK II
